6.I. Discussion Of Golf Cart Standards

**Background:**

On September 20, 2016 staff discussed a proposal for Golf Cart usage in the City of Hapeville. Council requested a proposal to establish a pilot test area for this purpose. Attached you will find a complete evaluation of this matter from the Police Dept. and Community Services. Staff awaits further direction based on the information contained in the attached report.

7. New Business

7.I. Discussion Of Renaming Of Dearborn Plaza And Alleyway.

**Background:**

Council Member Randman desired to discuss this item and determine a formal process for renaming "Dearborn Plaza to Dr. Samuel Hape Plaza" and/or some other more historically accurate name. This action would include placement of the appropriate historical markers and a discussion of a formal name for the Alleyway just created adjacent to the west of Dearborn Plaza. If Council so directs, staff will bring back the appropriate Resolutions.

10. Public Comments

At this time, the Mayor opens the floor to comments from the audience. Comments should relate to a specific agenda item, not listed on the agenda for a Public Hearing, or to a concern within the jurisdiction of the City. Mayor and Council meetings serve the purpose of conducting city business and are not a forum for the unlimited expression of opinion. The Mayor reserves the right to limit comments to matters germane to city business and may refer speakers to the City Manager or other staff for resolution.

11. Adjourn

Public involvement and citizen engagement is welcome as Hapeville operates a very open, accessible and transparent government. We do however remind our attendees/residents that there are times allocated for public comments on the agenda. In order for council to conduct their necessary business at each meeting, we respectfully ask that side-bar conversations and comments be reserved for the appropriate time during the meeting. This will allow the City Council to conduct the business at hand and afford our meeting attendees ample time for comments at the appropriate time during the meeting.

October 21, 2016

At the direction of the Mayor and City Council, city staff has completed a review of the potential factors for the safety and the free flow of motorists traveling the city streets and the impact of introducing Golf Carts if the council decided to allow them.

After our review, it is our recommendation that pursuant to O.C.G.A § 40-6-330.1 and §40-6-331, the city may allow the use of Golf Carts as a means of personal transportation on all streets designated and identified on the map attached to this memorandum.

It is our recommendation that we draft an ordinance that complies with O.C.G.A §40-6-331, with the exception of subsection (b) regarding a requirement to inspect, permits and collect a \$15.00 fee. Until such time that Golf Carts become a safety concern due to their regular use, staff feels that it would be more a tax on city resources, rather than a benefit to public welfare.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard Glavosek'. The signature is written in a cursive style with a long horizontal stroke at the end.
