

Lotus Eaters Club Live Art Demonstration @ LocalMotion 2018

Lotus Eaters Club (<http://www.lotuseaters.club/>) is a creative collective of designers, illustrators and animators, specializing in murals, AR Experiences, and Traditional and Digital Illustration. They have also developed an app using Augmented Reality technology which creates interactive pieces of art (ex. their mural on the Beltline over North Ave.)

Orpheus Brewing and the Lotus Eaters Club have created a collaboration beer that will be available at the LocalMotion Arts Festival. Because of that, the board of LocalMotion approached Lotus Eaters to ask if they would consider doing a live art demonstration during the festival. Lotus Eaters have agreed and LocalMotion will pay for paint, supplies and artist stipends.

Proposed Location

In order to leave the City of Hapeville with something tangible that adds to the artistic fabric of the neighborhood, LocalMotion is proposing a mural be painted on a wall of the public bathroom inside Jess Lucas Park. This will give the artists maximum festival time to complete their work (inside the park will be open from 11am to 10pm) and provide good exposure between the food court, beer tents and kid's zone.

Jess Lucas Y-Teen Park Public Restroom, wall facing the parking lot

Actual mural design TBD
