1. Call to Order: Mayor Hallman called the work session to order at 5:00PM at 700 Doug Davis Drive, Hapeville, GA 30354.

Councilman at Large Travis Horsley  
Councilman Ward I Mark Adams  
Councilman Ward II Chloe Alexander

3. Optotraffic Presentation by Michael Phelan

Michael Phelan presented to Mayor and Council Optotraffic's innovative traffic solutions including school zone devices and truck height capture devices. The device used in school zones would capture speed at the spot it is located unlike other competitors' devices. Optotraffic has the ability to log in to all systems to make changes without being on site. Mr. Phelan went over the many details of the devices. However, Mr. Phelan said he would need to do more research on whether truck height can be enforced and would send Councilman Horsley the information. Mr. Phelan emphasized that there is no cost for the devices; however, a portion of the ticket amount will go to the vendor.

Mr. Phelan said he can meet with the Chief of Police to give a presentation. City Attorney, Gerald Chichester said he will look at what will need to be included in the ordinance and also check into the truck heights. Councilman Adams said we need to look at which device is best for each area. Mayor Hallman instructed City Manager, Tim Young to coordinate with Chief Glavosek on setting up a meeting with Mr. Phelan.
