### New Business:

#### Phase 1

We will go out to the local businesses in teams of two discussing our goals for Clean and Beautiful. At that time, we will ask the businesses to display our sticker. We will discuss our mission statement, the anti-litter campaign, the need for trash cans with lids that identify litter/recycling. Ashtrays would be helpful to eliminate cigarettes in the front of your businesses or parking lot areas. We also would like businesses to "adopt a garden or flower bed". We want them to partner with us and help us achieve our goals.

As a long term goal-recycling. We need to promote recycling at city venues. We need to be an example showing support to the recycling initiatives.

#### Phase 2

We will have a business breakfast/brunch meeting. At that time, bring up recycling goals.
