---

The Annual Budget is the financial plan for the upcoming fiscal year and is composed of revenues and expenditures, organized based on Funds, each having a separate balanced budget. The Budget is also a description of the programs and services as offered by the City's Departments and agencies.

Within each Fund Budget are the appropriations, or authorized uses of resources, necessary to carry out the mission of each department.

<b>General Fund:</b>	The <u>General Fund</u> is the primary operating fund that provides for basic government services, such as Mayor and Council, Administrative and Financial Services, Human Resources, Clerk of the Council, Municipal Court, Police and Fire Protection, Code Enforcement, Recreation, Parks, Grounds and Buildings, Planning and Zoning, Economic and Community Development, and Highway and Streets Maintenance. Each service is organized by function categories.
<b>Enterprise Fund:</b>	The City maintains two enterprise funds, the <u>Water Sewer fund</u> and the <u>Solid Waste fund</u> . These funds' activities include all aspects of establishing, operating and maintaining equipment and other work related to the water sewer system and personal cost associated with solid waste operations. Costs are recovered through charges to the customers. Expenses have been summarized by functional categories: personal, contracted services, capital outlays, supplies, and debt service.
<b>Capital Projects Fund</b>	The Capital Projects Fund accounts for multi-year capital projects and the respective funding sources.
<b>Special Revenue Fund</b>	The Special Revenue accounts for revenues which are legally restricted as to use, and the respective expenditures thereof.
<b>Department:</b>	The major organizational unit of the City generally charged with accomplishing the goals and objectives of the City.
<b>Line Item Detail:</b>	This section serves as a reference for City department heads. It contains the line item detail of revenues and expenditures, specific authorizations to spend City revenues.

*City of Hapeville*BUDGET HIGHLIGHTS  
FISCAL YEAR 2014-2015**FORMAT**

The City uses "Funds" to account for its operations. A "fund" is a single entity, similar in concept to subsidiaries of a corporation with their own asset , liability, revenue and expense accounts.

"Appropriations" are authorizations to spend City revenues on the designated activities of the City's Departments. The ANNUAL BUDGET applies only to the revenue and expense accounts for the upcoming fiscal year ending June 30, 2015.

**HIGHLIGHTS: The overall Total Budget increased by 2%, including all Funds and operations.**

The following table summarizes the City Budget by fund as proposed for Fiscal Year 2014-2015 :

	FISCAL YEAR 2014-2015				
	ANNUAL BUDGET: ALL FUNDS				
	2011-2012	2012-2013	2013-14	2014-15	% change

301-CAPITAL PROJECTS FUND	2,736,250	1,413,254	1,455,500	1,906,690	31.0%
505-WATER & SEWER FUND	3,423,776	4,321,004	4,198,000	4,321,000	2.9%
540-SOLID WASTE FUND	515,872	597,420	595,000	597,420	0.4%
<b>TOTAL FY 2014 BUDGET</b>	<b>18,378,066</b>	<b>18,989,790</b>	<b>19,863,776</b>	<b>20,261,928</b>	<b>2.0%</b>

The General (operating) Fund's authorizations declined by 1.3%.

The Special Revenue Fund which decreased 1.3% includes all seven cents of the Hotel/Motel as required by State law. Three cents is transferred to the General Fund and four cents to HATT.

The Capital Projects Fund increased 31% with the addition of a major new project, a \$900,000 North Central Avenue Streetscape Project funded partly with a \$720,000 grant.

The Water and Sewer Fund increased slightly as supply and distribution costs increased.

The Solid Waste Fund increased by 0.4% but will require a rate increase.

**GENERAL FUND**

For the **General Fund** the tax digest projects a 2% rise in taxable values, before appeals. Last year appeals reduced preliminary revenues by \$100,000.

**The historic drop in taxable values** has not shown any significant recovery.

State law limits the increases by reassessments to 3% preempting any major revaluation of property to recover revenues lost during the housing value collapse.

Other Financing Sources reflects the recordation of Hotel / Motel revenues as a transfer from the Special Revenue Fund. Virtually all other revenue estimates remain the same.

General Fund Expenditures have declined by 1.3% as all authorizations were not expended due to such events as vacant positions not being filled for the entire year (salary lapses).

**SPECIAL REVENUE FUND**

The Special Revenue Fund is used to account for the Hotel/Motel taxes and other restricted revenues. The Fund will transfer \$1,152,936 in Hotel/Motel tax to HATT (the Trade and Tourism Authority) and \$864,702 to the General Fund. Also included are small grants and 911 expenditures.

**CAPITAL PROJECTS FUND**

The expenses for some of the capital projects were incurred in Fiscal 2013-2014 and the remainder are funded in the proposed budget:

**Project List**

	2013-2014	2014-2015	Grants
Depot TE Project	285,185	-	-
North Central Ave Streetscape	39,838	900,000	720,000
Access Road Earmark	150,000	155,000	124,000
Dogwood-North Avenue	146,000	60,000	48,000
R/R Construction	250,000	181,000	181,000
North Fulton TE	426,415	455,000	364,000
CDBG Sidewalks	108,062	80,000	80,000
DOT-LMIG Program	50,000	75,690	75,690
Total	1,455,500	1,906,690	1,592,690

Most projects are grant-funded requiring a 20%-30% match provided by City funds, usually HaTT Hotel/Motel taxes. Some projects are fully funded with State aid.

**WATER & SEWER FUND**

This Fund is financed through service charges. Recent rate increases make revenue forecasting difficult. Settlement with the City of Atlanta for prior capital and operating expenditures remains open.

**SOLID WASTE FUND**

The Solid Waste Fund provides for solid waste pick-up and disposal. Historically rates have not fully funded operations and a transfer of \$75,000 from General Fund was necessary in 2014. However, for FY 2015 a rate increase will be required to cover operating costs.
